**Pomona Choice NEM - NET ENERGY METERING OPTION**

With the Pomona Choice NEM Program, you'll receive an energy credit for the power your system provides to the grid. At the close of each month, we'll tally the amount of grid energy you've consumed and contributed. If what you've contributed is more than what you've consumed, we'll issue a credit. If you've used more than you've contributed, you'll be debited. At the end of the annual relevant period, the kilowatts generated and used are evaluated, and if your energy production exceeds your energy consumption, a rebate is issued based on \$.06 per kWh.

With the Pomona Choice NEM Program, you'll receive an energy credit for the power your system provides to the grid. At the close of each month, we'll tally the amount of grid energy you've consumed and contributed. If what you've contributed is more than what you've consumed, we'll issue a credit. If you've used more than you've contributed, you'll be debited. Annually, at the end of your 12-month relevant period, the kilowatt hour generated and used is evaluated, and if your energy production exceeds your energy consumption, a rebate is issued based on \$.06 per kWh.
