## Definitions

**Generation Rate** reflects the cost of producing or purchasing electricity to power your home. This rate will vary depending on your service provider and rate plan.

**SCE Delivery Rate** is a charge assessed by SCE to deliver electricity to your home. This ratedepends on usage.

**Surcharges** represent the Cost Responsibility Surcharge (CRS) and Franchise Fee (FF) that are applicable to Community Choice Aggregation (CCA) customers. The CRS recovers costs of power purchase commitments that become stranded as a result of CCA initiating service. The FF recovers taxes owed to a city in exchange for allowing SCE to utilize electrical distribution lines throughout the property of the city. SCE acts as the collection agency for the FF surcharge which is levied by cities and counties for all customers.

This comparison is based on billed usage from January 1, 2024, to December 31, 2024 for all applicable SCE service accounts within the jurisdiction of the City of Pomona, Pomona Choice Energy's published rates as of August 1, 2023, and SCE's published rates as of January 1, 2025.
